### III. Statement of Claim

1. At the outset, the Plaintiff seeks to have the

by pro-se litigants are held to a less stringent  
standard than those drafted by an attorney  
or legal counsel. See. Haines v. Kerner, 404 U.S.;  
Estate v. Gamble, 429 U.S.; This looser standard  
requires the court to be especially indulgent  
in accepting truth of the factual averments  
of the complaint and to consider every  
inference helpful to the plaintiff(s) cause.

Accordingly, in ruling on these claims the  
court is required to look to the allegations

of the complaint and if under an theory they are sufficient to state a cause of action in accordance with the law. [any] motion to dismiss the complaint must be denied.

2. During the night of Feb. 9 2018 I was arrested and taken to district 3, by both defendants named in this matter. While at this district officer Steelow used excessive force on my body while I was already in restraints with cuffs on my hands behind my back. Also before leaving the district and taken to the hospital I also had my fingerprints taken from me by force by those officers with my hands cuffed behind my back. I told them I did not consent to the taking of my fingerprints, but the officers insisted on trying to break my wrist and my thumb in order to take my fingerprints by force.

3. On this same night Feb 9 2018 while at the hospital the named defendants in this matter laid me on the hospital bed with my hands cuffed behind my back and my feet cuffed to the bed. Officer Steelow grabbed me by the face then

(4)

began to choke me on the bed and held a hand over my nose and I could not breathe and screamed for help as one of the nurses was also in the room, I was being choked on the side of the bed begging for someone to help me as the officer tried to claim I was spitting and I never tried nor attempted to spit at anyone.
